

Photography Holiday Work

Your first project title is “All about me”

You are required to produce images about yourself but not taking a photograph of you personally.

For your holiday work I would like you to put together a mood board (selection of images) relating to you, try to display this in a creative manner thinking about how you can place images next to each other for different effects.

You do not need to take any photographs for this you can do it all from using magazines, newspapers, postcards and any other images you can find.

Have a good time and be as creative as you can.

See you Monday 7th September p4&5 is our first lesson in A3.

I'll meet you all in the common room in the 6th form block.
